Internet speeds are maximums, not guaranteed minimums.
Wi-Fi performance varies by location and device.

Simple, secure and flexible.

Most clients simply connect and start working. More advanced options are available when your business needs them.

- 1 Plug & play**
 No separate internet order or installation delay. Your office network is ready for move-in.
- 2 Private company network**
 Your own secure VLAN is delivered to office ports and Orega Wi-Fi.
- 3 Business-grade internet**
 Up to 100 Mbps for suites up to 600 sq ft and up to 250 Mbps for larger suites.
- 4 Dedicated when you need it**
 Reserve bandwidth exclusively for your company network from £50 per month.
- 5 Secure Wi-Fi**
 Your company network available securely over Orega Wi-Fi throughout the centre.
- 6 Configuration Options**
 Use your own firewall if you need greater control of security policies, VPNs and routing.

Orega Business Connectivity

Includes the managed network, office ports, secure Wi-Fi, support and standard shared bandwidth.

£9 PER SQ FT
PER YEAR

Need guaranteed capacity or other connectivity options

Upgrade to reserved dedicated bandwidth from £50 extra per month. Your selected capacity is allocated exclusively to your company VLAN, without arranging a separate leased-line contract. See our Dedicated Bandwidth and Advanced Network Options information.

Ready to get started?

Move in. Connect to Wi-Fi. Get to work. Speak to your centre team about dedicated bandwidth or advanced network options.
